Re: Professional Activity Days

Dear Families

Since the reopening of schools on September 8, 2020, YPCE has worked to maintain the safest environments possible for our families and employees. As we navigate the evolving expectations surrounding childcare delivery during COVID 19; we regret that some aspects of our normal delivery model may not be manageable. Currently, one of those aspects is the challenge of providing full day care to children in school, on Professional Activity days.

With the requirements surrounding groups and the logistical consideration required to plan and group children on PA days; we have determined that we would not be able to satisfy those requirements. Therefore, in cooperation with our partnered school boards, we regretfully advise that care will not be offered on Professional Activity Days, until further notice. As we progress with the school year, we shall advise about care over the Winter Break.

We understand the hardship this may cause some of our families and trust that our decision to err on the side of caution, is for the greater good.

Working together to stay safe; yours very truly,

Shirley Black
