Re: Access to schools for Exploration Camp summer programs

Dear Families,

In working with Simcoe Muskoka District School Board for the re-opening of child care, we have been advised that summer camp programs are required to cease operation by end of day August 14th, to prepare spaces for September school start up. We regret any inconvenience to child care that this may cause our families.

Exploration Camp summer programs affected are:

- Andrew Hunter
- Hewitt's Creek
- Trillium Woods

Child care centre programs for toddlers and preschool children will not be affected.

If you have any questions please speak to your program Supervisor. Looking forward to your return in September.

Sincerely,

*Shirley Black*
